

BEACHFRONT

TECH RIDER

(For Four Vocals with Piano, Bass & Drums)

This rider is attached to and hereby made part of the contract dated (date) _____
covering the engagement between **Beachfront, Zajonc/Valenti Management** and
(Presenting Organization) _____
scheduled for (performance date) _____. Sound check time will be
from (time) _____ until _____ on (date) _____.

Sponsor agrees to provide at no cost to the Artists:

Piano (tuned to A-440 day of concert), Microphones, Clips & Stands, Mixing Console with Professional Sound Engineer, Monitors, Lighting System and Operators, Music Stands with Stand Lights, Stage Personnel, Dressing Rooms, and Green Room Amenities as listed below.

and

Unless locally contracted players provide their own equipment, the Sponsor will also provide: 1 Professional Quality Drum Set (to include Hardware, Cymbals & Throne) and 1 Professional Quality Bass Amplifier.

I. PIANO:

A concert grand **Piano** with bench, tuned to A-440 **on the day of the performance**

II. MICROPHONES (Vocals):

- Please provide 5 high-quality, professional type, hand-held RF, frequency agile microphones. Microphones with cords are not acceptable
- 5 Wind screens (internal OK)
- 5 clips
- 4 round bottom mic stands, no booms stands please

Note: 5th mic, receiver & wind screen are for back-up (spare). Set-up for 4 singers only.

III. MIXING CONSOLE:

Professional quality, minimum 16 channels capable of handling the following demands:

A. Eleven Inputs (11, includes spare vocal mic)

- 4 RF vocal mics (plus one spare, total of five)
- 2 piano mics (**dynamic** type only, preferably SM-57, condensers mics not acceptable)
- 1 D.I. for string and electric bass (D.I.)
- 3 mics for drums (depending on venue size)

B. Amplification (Piano, Bass, Drums)

1. Acoustic Piano:

- 2 mics on piano (dynamic mics only, no condensers)
- Leave the lid up (full stick) after mics are placed

2. Bass - Sponsor to provide professional quality electric bass and amplifier (unless local player provides)

- 1 "line out" (please provide direct box)

3. Drums - Sponsor to provide professional quality drum set, hardware, cymbals and drum throne (unless local player provides)

- 0 - 3 mics on the drums (depending on venue size)

IV. MONITORS - 7 wedges total, with 4 independent sends

The four independent monitor sends will be separate and different mixes from each other. Please have a graphic equalizer assigned to the front four monitor wedges.

1. Send #1 to the four Vocalists

- 4 matching professional quality monitors placed in front of the FOUR singers. EAW or JBL 10" or 12" for vocals are preferred (no Peavey). These front wedges will contain a mix of vocals & instruments with final adjustments made during the sound check to the singers' specifications.

2. Send #2 to the Piano Player

- 1 professional quality wedge monitor for the Piano player placed to left of the piano bench (see stage plot, page). This monitor (Send #2) will contain piano, bass, drums and a little bit of the vocals and will be adjusted during the sound check to the Piano player's specifications.

3. Send #3 to the Bass Player

- 1 professional quality wedge monitor for the Bass player. This monitor (Send #3) will contain piano, bass and vocals and will be adjusted during the sound check to the Bass player's specifications.

4. Send #4 to the Drummer

- 1 professional quality wedge monitor for the Drummer. This monitor (Send #4) will contain piano, bass and vocals and will be adjusted during the sound check to the Drummer's specifications.

V. REVERB:

Please have a professional "Reverb/Effects" system up and running upon Beachfront Property's arrival.

VI. MUSIC STANDS:

4 music stands needed for Bass Player and Drummer (2 each)

VII. STAND LIGHTS:

3 Stand lights for Piano, Bass and Drums

VIII. AC POWER:

One AC power strip near the Bass amplifier (see stage plot).

IX. DRESSING ROOMS AND QUICK CHANGE AREA:

- 3 Dressing rooms minimum, (5 men, 2 women) with a temperature of 76-78 degrees
- 1 private "quick change" area close to stage (stage left if possible) with a clothes rack

Dressing room details:

- 1 clothes rack in each dressing room
- Well lit mirrors and electrical outlets
- Chairs
- Four clean bath towels (in female dressing room only)
- Ironing board with iron and clothes steamer

X. PERSONNEL:

- Professional Sound Engineer
- Stage Manager
- Lighting Technician and follow spot operator (s)
- 2 Personnel and table for CD sales during intermission and after the show

LIGHTING OVERVIEW

(25' x 25' minimum stage performance area)

- [] One follow spot and one follow spot operator in addition to the light board operator. Prepare specials for piano area, bass area and drum area (dim-able), see stage plot.
- [] A full color spectrum of gels. A detailed lighting cue sheet, in concert order, will be FAXed to the presenter at least a week before the performance.

SOUND OVERVIEW

HOUSE MIX

For sound check: Set comfortable volume levels and normal (flat) EQ settings on the front four vocal mics. All four mics should be at exactly the same volume to start the sound check. Tom Dustman, Artistic Director, will help adjust EQ settings for the 4 vocal mics and fine-tune the vocal balance volumes at the "trim pots" during sound check. Instrumental balances and EQ will also take place during sound check. Except when soloing, the balance levels on all vocal mics should remain exactly as set during sound check throughout the concert. Solos will be noted by mic numbers in a detailed performance cue sheet FAXed to the presenter or Sound Tech one week before the performance. Faders for the vocal mics should visually be set at "zero" (or your best running volume) and changed only during solos and returned to "zero" **immediately after** each solo.

IMPORTANT:

When using a "house" or rented sound system, please have it "up and running" (including monitors) **before** BEACHFRONT's arrival at the sound check. Although seldom a problem, there have been times the P.A. system was **not** ready. This can really break the momentum leading up to the performance and can also cause undo stress for not only the performers, but for everyone involved. If you need more time_or additional information from BEACHFRONT please do not hesitate to call. We are dedicated to doing everything we can to make this concert the best it can possibly be both technically and artistically.

Note to Presenter:

If the mixing console is behind glass (or sliding glass doors) please schedule one extra hour for the sound check. If possible, please move the mixing console to the venue's main floor before BEACHFRONT's sound check.

Stage Plot

Microphone Inputs:

- #1 through #4 - Vocal Microphones
- #5 & #6 - Piano Microphones
- #7 - Bass (Direct In)
